

**TOOLS & SUPPLIES KIT****Puma-Crete Urethane Cement & Coating Systems**

- |   |  |
|---|--|
| 1. 1 qt cement bonding adhesive.                              | 13. Spike shoes *(spikes must be tightened securely) |
| 2. Cement-all 25 lb ctn ( <i>wide cracks, holes, spalls</i> ) | 14. Loop (texture) roller 9-in.                      |
| 3. Crack fill (tube) by Sika                                  | 15. Loop (texture) roller 18-in.                     |
| 4. Duct tape  | 16. 3/8" nap roller 9-inch qty- 4                    |
| 5. Painters paper- brown, roll                                | 17. Roller frame 9-inch qty-2                        |
| 6. 5-in-1 painters tool                                       | 18. 3/8" nap roller 18 inch qty-2                    |
| 7. Mixer 5-gal paint mixer (spiral)                           | 19. 18-inch frame w endcaps qty-1                    |
| 8. mixer paddle- "birdcage" (thinset & grout)                 | 20. Chip brushes - 2" qty-4                          |
| 9. 5-gal pail w/ rags   | 21. Extension Pole 60"                               |
| 10. Mix n Measures 1-QT qty- 4                                | 22. 12 inch or 18 in. Pro Squeegee by Unger.         |
| 11. Mix n Measures 2-QT qty- 4                                | 23. Silica broadcaster- <i>Chapin 8700A or equal</i> |
| 12. 4x12" flat trowel   | 24. Blue painters tape                               |

**PRICE for the above entire kit..... \$ 871.00**

**Additional Application Tools/Supplies Recommended**

- **DRILL-** Mud Mixer ½" chuck (Home Depot)      ½" chuck *Var Speed Drill will suffice for smaller projects.*
- **SPPREADING THE SLURRY COAT:**  
For large wide open areas, slurry coat may be spread using a Cam Rake- (MidWest Rake Co.). This 30" wide rake requires #2 (1/8") or #3 (3/16") cams. It spreads the materials without requiring hand troweling in the main areas. Edges/perimeter always require hand troweling.
- **5 gal Pails-** Estimated 3 buckets required, for every 1000 sf of area
- **Acetone** (for cleanup of tools)
- **Mineral Spirits** (only if substrate/materials are out of proper temperature range (70-80 deg F), or you need more working time.
- **Plastic and paper/cardboard for mixing area.**

**OPTIONAL TOOLS:**

**16" DIAMABRUSH (for 17" floor buffers): REMOVAL TOOL** disc w/ dust shroud ..... \$ 849.00  
**16" DIAMABRUSH (for 17" floor buffers) PREP TOOL**\_disc w/ dust shroud ..... \$ 875.00  
**17" HAWK 2-SPD FLOOR BUFFER MACHINE** F0003-17XHD..... \$ 1,467.00

**Battery Powered Quartz Blower/Broadcaster** (dewalt).....\$ 985.00  
**110v Powered Quartz Blower/Broadcaster** .....\$ 840.00  
**Gas Backpack Quartz Blower/Broadcaster**.....\$1,230.00  
 4.3 hp low emissions 2 stroke engine, 50 lb capacity, 35 ft horizontal reach, 800 cfm  
 23 lb, 3.7 gal tank (use 50:1 pre-mix fuel), 1 gal tank
